SPEED, SENSES, & CONDITIONS

Fey Ancestry. Advantage on saving throws against being charmed, and magic can't put you to sleep.

Trance. Elves don't need to sleep. Instead, they meditate deeply, remaining semiconscious, for 4 hours a day.

Mask of the Wild. You can attempt to hide even when you are only lightly obscured.

RACIAL TRAITS

Darkvision. You can see in dim light within 60 feet of you as if it were bright light, and in darkness as if it were dim light.

Favored Enemy. You have advantage on Survival checks to track your favored enemies, as well as on Intelligence checks to recall information about them.
Orcs.
Goblins.

Natural Explorer. When you make an Intelligence or Wisdom check related to your favored terrain, your proficiency bonus is doubled if you are using a skill that you're proficient in. While traveling for an hour or more in your favored terrain, you gain the following benefits: Difficult terrain doesn't slow your group's travel. Your group can't become lost except by magical means. Even when you are engaged in another activity while traveling, you remain alert to danger. If you are traveling alone, you can move stealthily at a normal pace. When you forage, you find twice as much food as you normally would. While tracking other creatures, you also learn their exact number, their sizes, and how long ago they passed through the area.
Forest.

Fighting Style.

Archery. You gain a +2 bonus to attack rolls you make with ranged weapons.

Monster Slayer. You have dedicated yourself to hunting down creatures of the night and wielders of grim magic.

Primeval Awareness (Action). You can expend one ranger spell slot to focus your awareness on the region around you. For 1 minute per level of the spell slot you expend, you can sense whether the following types of creatures are present within 1 mile of you (or within up to 6 miles if you are in your favored terrain): aberrations, celestials, dragons, elementals, fey, fiends, and undead. This feature doesn't reveal the creatures' location or number.

Hunter's Sense (Action—2/Long Rest). Choose 1 creature within 60ft. You learn its damage immunities, resistances, or vulnerabilities, if it's hidden from divination magic, you sense it has none.

Slayer's Prey (Bonus Action). Designate 1 creature within 60ft, the first time each turn you hit that target with a weapon attack, it takes an extra 1d6 damage from the weapon. This benefit lasts until you finish a short or long rest. It ends early if you designate a different creature.

BOND

I have lingering pain from old injuries.

FLAW

Echoes of Victory

You have attracted admiration among spectators, fellow athletes, and trainers in the region that hosted your past athletic victories. When visiting any settlement within 100 miles of where you grew up, there is a 50 percent chance you can find someone there who admires you and is willing to provide information or temporary shelter. Between adventures, you might compete in athletic events sufficient enough to maintain a comfortable lifestyle, as per the "Practicing a Profession" downtime activity.

BACKGROUND FEATURE

TRINKET

You strive to perfect yourself physically and in execution of everything you do. The thrill of competition lights fire in your blood, and the roar of the crowd drives you forward. Tales of your exploits precede you and might open doors or loosen tongues.

Whether in one of the poleis, between them, or among the nonhuman peoples of Theros, physical contests and those who pursue them command respect bordering on reverence. Athletes arise from all walks of life and all cultures and quite often cross paths with one another.

Ensnaring Strike

1st-level conjuration

CASTING TIME	1 bonus action
RANGE	Self
DURATION	Concentration, up to 1 minute
COMPONENTS	V

The next time you hit a creature with a weapon attack before this spell ends, a writhing mass of thorny vines appears at the point of impact, and the target must succeed on a Strength saving throw or be restrained by the magical vines until the spell ends. A Large or larger creature has advantage on this saving throw. If the target succeeds on the save, the vines shrivel away. While restrained by this spell, the target takes 1d6 piercing damage at the start of each of its turns. A creature restrained by the vines or one that can touch the creature can use its action to make a Strength check against your spell save DC. On a success, the target is freed.

At Higher Levels. If you cast this spell using a spell slot of 2nd level or higher, the damage increases by 1d6 for each slot level above 1st.

Fog Cloud

1st-level conjuration

CASTING TIME	1 action
RANGE	120 feet
DURATION	Concentration, up to 1 hour
COMPONENTS	V, S

You create a 20-foot-radius sphere of fog centered on a point within range. The sphere spreads around corners, and its area is heavily obscured. It lasts for the duration or until a wind of moderate or greater speed (at least 10 miles per hour) disperses it.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, the radius of the fog increases by 20 feet for each slot level above 1st.

Hail of Thorns

1st-level conjuration

CASTING TIME	1 bonus action
RANGE	Self
DURATION	Concentration, up to 1 minute
COMPONENTS	V

The next time you hit a creature with a ranged weapon attack before the spell ends, this spell creates a rain of thorns that sprouts from your ranged weapon or ammunition. In addition to the normal effect of the attack, the target of the attack and each creature within 5 feet of it must make a Dexterity saving throw. A creature takes 1d10 piercing damage on a failed save, or half as much damage on a successful one.

At Higher Levels. If you cast this spell using a spell slot of 2nd level or higher, the damage increases by 1d10 for each slot level above 1st (to a maximum of 6d10).

Protection from Evil and Good

1st-level abjuration

CASTING TIME	1 action
RANGE	Touch
DURATION	Concentration, up to 10 minutes
COMPONENTS	V, S, M (holy water or powdered silver and iron, which the spell consumes)

Until the spell ends, one willing creature you touch is protected against certain types of creatures: aberrations, celestials, elementals, fey, fiends, and undead. The protection grants several benefits. Creatures of those types have disadvantage on attack rolls against the target. The target also can't be charmed, frightened, or possessed by them. If the target is already charmed, frightened, or possessed by such a creature, the target has advantage on any new saving throw against the relevant effect.

Disguise Kit

Tools

The perfect tool for anyone who wants to engage in trickery, a disguise kit enables its owner to adopt a false identity.

Components. A disguise kit includes cosmetics, hair dye, small props, and a few pieces of clothing.

Deception. In certain cases, a disguise can improve your ability to weave convincing lies.

Intimidation. The right disguise can make you look more fearsome, whether you want to scare someone away by posing as a plague victim or intimidate a gang of thugs by taking the appearance of a bully.

Performance. A cunning disguise can enhance an audience's enjoyment of a performance, provided the disguise is properly designed to evoke the desired reaction.

Persuasion. Folk tend to trust a person in uniform. If you disguise yourself as an authority figure, your efforts to persuade others are often more effective.

Create Disguise. As part of a long rest, you can create a disguise. It takes you 1 minute to don such a disguise once you have created it. You can carry only one such disguise on you at a time without drawing undue attention, unless you have a bag of holding or a similar method to keep them hidden. Each disguise weighs 1 pound.

At other times, it takes 10 minutes to craft a disguise that involves moderate changes to your appearance, and 30 minutes for one that requires more extensive changes.
